

Indian Institute Of
Technology Indore

Presents

RESEARCH & INDUSTRIAL CONCLAVE 2024

Theme :-

**Emerging Technologies For a
Sustainable Future**

OUR VISION

- The Academic Council, under the Students' Gymkhana of Indian Institute of Technology Indore, in association with the IEEE Students Branch, is planning to put together an event to foster research practices, strengthen our ties with the world of science and technology and aspiring people from all over the world.
- There will be a series of events modelled to nurture students' minds and equip them with the knowledge that helps them in the real world. This Conclave is a blend of thought-provoking activities and interactive sessions.

GOALS AND OBJECTIVES

Research & Industrial Conclave

- The Academic Council has onboarded people with outstanding records in various emerging fields. Students will benefit from the knowledge and insights of these distinguished personalities through this event.
- This event also endorses interdisciplinary activities that can help the students to seek their interests and help them materialize their thoughts.
- The event is a concoction of industrial experts and start-ups to bring down solutions and possible alternatives to existing problems

Theme :-

EMERGING TECHNOLOGIES
FOR A SUSTAINABLE
FUTURE.

Bridging Academia and Industry

A photograph showing a group of five people (three women and two men) sitting around a long white conference table in a modern office. They are all looking at their laptops or papers, engaged in a collaborative discussion. The office has large windows in the background, and the ceiling features exposed ductwork and recessed lighting.

DOMAINS

- Smart and Intelligent vehicles
- Artificial Intelligence/ Machine Learning
- Climate and Remote Sensing
- Data and Computational Techniques
